

The Most Comprehensive Assessment of Achievement in Spanish!

Houghton Mifflin Harcourt proudly presents *Logramos*[®] Third Edition, the next generation in group-administered achievement tests in Spanish.

Logramos Third Edition, features 2014 norms and parallels the scope and sequence of the *Iowa Assessments*[™] by measuring achievement of Spanish-speaking students from Grades K through 8 in:

- Reading
- Language
- Mathematics
- Social Studies*
- Science*

In addition, *Logramos* offers important distinctions in spelling, capitalization, punctuation, usage and expression, rules of accentuation, verb formation, and conjugation—all of which aid in accurately measuring the achievement of today's Spanish-speaking students.

*Available for Grades 1-8

Logramos Third Edition, includes:

- **Measurement of critical thinking skills** through test items that measure higher-order cognitive skills across all content areas, including Science and Social Studies
- **Identification of student strengths and weaknesses** for relative comparisons by content areas and skills across groups and individuals
- **Comparisons of student performance** to that of local and national groups, according to research-based evidence
- **Growth monitoring within and between years** through the use of a continuous vertical scale that measures change over time
- **Valid and reliable data** to support school system and state reporting requirements for accountability
- **The use of Spanish vocabulary** that is common among students from a variety of Spanish-speaking countries
- **Convenient and Powerful Scoring and Reporting**
 - Paper/pencil administration with scanning and scoring of answer documents at Riverside Scoring Service®
 - Full suite of paper-based reports, including:
 - List of student scores
 - Student profile narrative in Spanish and English
 - Individual performance profile
 - Group performance profile
 - Web-based reporting available through Riverside *DataManager*
 - Collection of ancillaries parallel to those of the *Iowa Assessments*, including a Planning and Implementation Guide
